The screenshot shows the Jenkins web interface. The top navigation bar includes the Jenkins logo, a search bar, and user information (J Sri Teja, log out). The left sidebar contains a menu with options: Dashboard, Jenkins_ScriptedPipeline, Back to Dashboard, Status, Changes, Build Now, Configure, Delete Pipeline, Full Stage View, Rename, and Pipeline Syntax. The main content area displays the 'Pipeline Jenkins_ScriptedPipeline' page. It features a 'Recent Changes' section with a 'Disable Project' button. Below this is the 'Stage View' section, which shows a table of stage times for Build, Deploy, and Test stages. The table indicates average stage times and a full run time of approximately 1s. A build history table shows a build on Apr 26 at 12:18 with no changes.

Stage	Build	Deploy	Test
Average stage times:	151ms	95ms	100ms
(Average full run time: ~1s)			

#	Time	Changes
#1	Apr 26 12:18	No Changes
